Team leader of Fiji National University Team

HOBBIES

I see myself as someone who is very outspoken, outgoing and energetic. Spending quality time with family and friends is something which gives me great pleasure. However, I also hobby socializing with people, travelling to new places, learning new skills. I also see myself as someone who loves to be fit and also have a passion for sport as mostly soccer as I have been part of youth and also district teams such as Nasinu and Tailevu Naitasiri. I have also taken part in marathons as a full marathon runner and other sporting events which excite me.
